

FLINT Strategic Resourcing Services

Enhancing your global scale and reach with specialised teams or individuals

Technical Staffing by Technical Consultants

70% Reduction in Sourcing Time

With our roots as an engineering company, we can significantly **increase the effectiveness of our customers' resourcing teams**, by using our expertise to filter out candidates who aren't an appropriate fit – removing an average 7/10 that don't hold the correct technical expertise or soft skills.

Global Coverage and Scaling

Flint has **more than 1800 contractors** deployed in more than 40 countries throughout Europe, the Middle East, Africa, Asia, North America, and Russia, and legal entities UKI, Canada, Germany, Egypt, India, Italy, Kazakhstan, Poland, Russia, Saudi Arabia, Slovenia, South Africa, parts of Sub Saharan Africa, Turkey, UAE, and USA. These legal entities **address local compliance and regulatory concerns**, allowing us to tackle this challenge for you so you can concentrate on your core business.

Legacy Outsourcing

We operate as the **outsourced service delivery arm** for a number of the industry's leading vendors. This allows our customers to focus their expertise on differentiation and winning the key battleground of new technology introduction by deploying their top talent into this space.

By outsourcing their service delivery to Flint customers can:

1. Resource both legacy and emerging technologies
2. Remain cost effective, competitive and maintain a high level of customer satisfaction

Flexible Commercial Models

The procurement requirements of the market are always changing. We're agile enough to provide **OpEx and CapEx** models, as well as **T&M or milestone-based engagements**, plus the **traditional contractor model**.

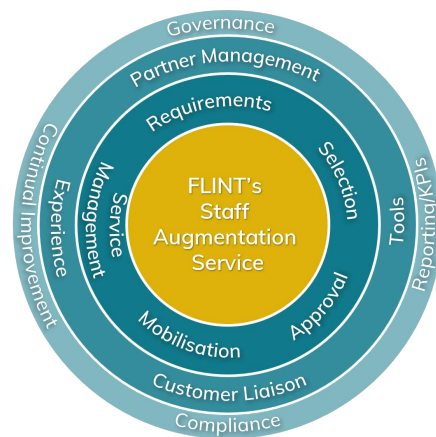

We can also leverage offshore and nearshore investments to provide innovative, cost-effective delivery options.

"Flint's mobility service offering has reduced our cost by approximately 60%, whilst maintaining our quality of service."

Staff Augmentation

Fast track sourcing of contracted specialists for rapid ramp-up projects

We uniquely combine continual improvement and Flint IPR to ensure urgent project requirements are expedited and **delivered right first time, every time.**
